

Hub Site Synchronization

Netronics HSS Unit enables the synchronization of TDD transmission of up to 8 Netronics radio units to ease collocation deployments at a hub site.

Product Highlights

- Connection ports for up to 8 Netronics ODUs
- 2 ports for daisy chain connection of additional HSS Units
- Weatherproof enclosure
- Seals for unused connector ports

Product Specifications

Configuration

Architecture	Outdoor Enclosure; Passive Connectors
Mechanical	
Dimensions	24.5 cm (H) x 13.5 cm (W) x 4.0 cm (D)
Weight	1.0 kg / 2.2 lbs
Mounting	Pole and Wall
Environmental	
Outdoor Unit Enclosure	All weather case
Operating Temperatures	-35°C - 60°C
Humidity	Up to 100% non-condensing
EMC	
ETSI	IEC 60721-3-4 Class 4M5 IP67
